

## W.V. SOCIETY FOR GENERAL MUSIC

### ANNOUNCEMENT:

The West Virginia Society for General Music is pleased to announce a new nomination and application process for selecting the General Music Teacher of the Year. Previously, the process was time consuming and arduous for all constituents. We are hoping for an increase in the number of nominations as a result of a completely online format.

The W.V. Society for General Music would like to thank Dr. Sandra Schwartz for taking the time to digitally format our nomination and application process. Also, I would personally like to thank the W.V.S.G.M. Teacher of the Year committee for reviewing and refining the former process to fit a more modern design.

**If you would like to nominate a West Virginia General Music teacher for “Teacher of the Year”, please click [here](#). The nominee will receive a notification via email, which will lead that person to the application process.**

Thank you for all you do to inspire children through music in the “Mountain State”. Best of wishes to all of my fellow music educators as we head into the fall concert season. See you at conference!

Sincerely,

A handwritten signature in blue ink that reads 'Michael Murphy'. The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Michael Murphy

W.V. Society for General Music, President

Sherrard Middle School, Choir Director/General Music
